# MICRONIZED BPO GEL CLEANSER

IDEAL FOR ACNIC SKIN

ALLERGY WARNING NO COMMON ALLERGIES TO NOTE

## **PRODUCT DESCRIPTION:**

A clinically proven, non-irritating Benzoyl Peroxide cleanser eliminates acne-causing bacteria, on contact, acting as an antimicrobial agent, to clear skin and prevent breakouts. Our unique formula utilizes a micronized particle size of Benzoyl Peroxide, which has proven to be more effective, less irritating and penetrate deeper into the skin, compared to a traditional Benzoyl Peroxide particle. In addition to a smaller molecular makeup, this acne fighting cleanser also features Aloe, which soothes the skin. The Hyaluronic Acid helps restore the skin's natural ability to hold moisture further reducing excess dryness.

## **BENEFITS:**

- The world's first non-irritating form of benzoyl peroxide
- Clears pores of acne causing bacteria and cellular debris within 24 hours
  - Smaller BPO particle than the traditional BPO, which allows for a smoother application and greater potential for efficacy
  - Particles are approximately 45 times smaller than traditionally milled BPO particles
  - Benzoyl Peroxide studies prove it prevents or eliminates the development of P. acnes bacteria and related species

## **HOW TO USE:**

Apply cleanser over wet face and work into lather. Rinse with water and pat dry. Can be used twice daily or as directed by physician.

## **FEATURED INGREDIENTS:**

- Benzoyl Peroxide 5%

# HA + SERUM

**IDEAL FOR DEHYDRATED OR DRY FEELING SKIN**

**ALLERGY WARNING NO COMMON ALLERGIES TO NOTE**

## **PRODUCT DESCRIPTION:**

A naturally occurring glycosaminoglycan that rehydrates, smoothes, tones and restores elasticity to the skin. Rich, emollient ingredients bind moisture to the skin, while also plumping the skin to add fullness, volume and reduce the appearance of fine lines and wrinkles. Hydrating properties reach deep into the dermis layer of the skin to mix with, attract and maintain water, promote blood and skin microcirculation, and maintain normal metabolism and nutrient absorption. Additionally eliminates active oxygen free radicals produced by ultraviolet radiation in the epidermis and protects the skin from damage. Functions as a highly effective post procedure treatment to soothe, cool and calm the skin after laser and peel procedures.

## **BENEFITS:**

- Moisturizes the skin, while also plumping the skin resulting in decreased wrinkles. Restoring the skin back to its natural hydration and beauty
- Reaches deep into the dermis layer of the skin to mix with, attract, bind and maintain water
- Promotes blood and skin microcirculation and maintains normal metabolism and nutrient absorption
- Fights photoaging of the skin to provide radiant and healthy-looking skin

# HYALURONIC ACID CREAM 4+

**IDEAL FOR COMBINATION TO DRY SKIN**

**ALLERGY WARNING NO COMMON ALLERGIES TO NOTE**

## **PRODUCT DESCRIPTION:**

Hyaluronic Acid is responsible for keeping the skin smooth and plump, but naturally over time, the levels found within the skin decrease with age. As a result, the skin begins to dry out and lose its baby-skin smoothness. Hyaluronic Acid Cream 4+ is specially formulated, featuring our proprietary Trans-Epidermal delivery system, to provide intense hydration, boost the moisture content and defend against moisture loss to promote softer, smoother, and more radiant skin. The unique grape extract found within the Hyaluronic Acid Cream 4+ acts as a powerful antioxidant, effectively protecting both the skin and epidermal skin cells from harmful UV rays and other environmental stressors. The synergistic effect of four types of Hyaluronic Acid, employed in this product, provide immediate and lasting hydration levels within the skin, resulting in a more radiant appearance.

## **BENEFITS:**

- Clinically proven to increase hydration levels up to 110% within one hour of application
- Long-lasting hydration up to 5 days after application
- Unique formula improves the appearance of wrinkles, providing an improvement in overall skin tone
- Light-weight formula that provides superior hydration
- Prevents damage caused by damaging UV rays and pollution
- Fights photo-aging of the skin to provide radiant and healthy-looking skin

## **HOW TO USE:**

Apply to face, neck, and decollete immediately before a moisturizer and sunscreen. Allow to absorb before applying additional products. Can be used twice daily or as directed by your esthetician.

## **FEATURED INGREDIENTS:**

# REPAIR

**IDEAL FOR NORMAL TO DRY SKIN TYPES**

## ALLERGY WARNING

### **PRODUCT DESCRIPTION:**

Employing multiple revolutionary active ingredients, Repair is clinically proven to deliver equivalent results to one injection of collagen filler in just two weeks of regular use.

The combination of copper, proline, lysine, hyaluronic acid, and niacinimide triggers the production of energy in the mitochondria of the senescent fibroblast, safely reactivating collagen I, collagen III, and elastin production. Known as the “youth collagen,” collagen III presence naturally decreases starting at age 8 or 9 and is virtually impossible to reactivate. Golden Bamboo Extract and Pea Extract deliver an 85% increase in hyaluronic acid synthesis during an in vitro test, plus a decrease in skin laxity of 50% after four weeks. The result is a painless, topical alternative to injectible fillers and toxins.

In addition to building collagen, Youth Collagen is fortified with glycosaminoglycans which preserve and protect the structure of the ECM complex from physical forces like pollution, UV rays and aging; leading to an improvement in the skin’s barrier function and a reduction in the appearance of rosacea over a 12 week period.

### **BENEFITS:**

- Reduces wrinkle appearance and volume by 15% in only 2 weeks
- Quickly delivers equivalent results to one injection of collagen filler
- Firmness increased by 13 times in 15 days
- A painless, topical alternative to injectible fillers and toxins
- 190% Increase in elastin production after 11 days
- 179% Increase in collagen I production, and 194% Increase in collagen III production after 11 days
- 85% increase in hyaluronic acid synthesis
- 50% decrease in skin laxity after 28 days
- Improvements sustained after two months of treatment
- 80% inhibition of MMP enzyme activity (types 1 and 2)
- Improves the skin’s barrier function and shows a reduction in the appearance of rosacea over a 12-week period

### **HOW TO USE:**

Apply 4 to 5 drops onto fingers and smooth over face and neck, avoiding eye area. Allow to absorb before applying additional products. Can be used twice a day or as directed by an esthetician.
